

Home Hazard Hunt

Items that can move, break, fall or cause a fire can be potential hazards during a disaster.

Repair defective electrical wiring and leaky gas connections.

Place large, heavy objects on the lower shelving.

Repair cracks in foundations and ceilings.

Fasten shelves securely and brace light fixtures.

Do not hang pictures or mirrors near beds.

Keep chimneys clean and repaired.

Strap water heater to the wall studs.

Do not store weed killers, pesticides, or flammable products near heat sources.

Throw oily rags and such in covered metal cans.
